No. 412.—The following resolution of the Government of India is republished :—

HOME DEPARTMENT.

Simla, the 12*th September* 1928.

No. F. 163/28-Estt.—Complaints have been made, both in the Secretary of State for India and to the Government of India, to the effect that Anglo-Indians and domiciled Europeans, though falling within the definition of "native of India" contained in *Article 37, Civil Service Regulations, have not always been regarded as such for purposes of recruitment to the public service and have even been discharged to make room for Indians in pursuance of schemes of Indianisation. While the Governor-General in Council is satisfied, from the enquiries he has made, that there has been no practice of displacing Anglo Indians to make way for Indians by race, it is possible that the fact that Anglo-Indians have the legal status of Indians and are eligible for appointment to vacancies reserved for Indians may on occasion have been overlooked. This would be contrary to Government's published policy and intention and in order to set the matter beyond all doubt and to obviate all misunderstanding of the position in future, the Governor-General in Council is pleased to declare that Anglo Indians and domiciled Europeans who fall within the definition of "native of India" quoted above shall be regarded as Indians for purposes of recruitment to the public services and in connection with schemes for the Indianization thereof.

H. G. STOKES,
Acting Chief Secretary.

* Native of India means any person domiciled in India and born of parents habitually resident in India and not established there for temporary purposes only.

No. 138.—Under Travelling Allowance Rule 29, a Government servant travelling by train in a class of accommodation lower than that to which he is entitled may draw only actual expenses subject to the maximum which he could have drawn if he had travelled by the higher class. Fundamental Rule 44 states the general rule that the amount of a compensatory allowance, which includes a travelling allowance, should be so regulated that the allowance is not on the whole a source of profit to the recipient: but the Travelling Allowance Rule in question goes beyond this general rule and seeks to restrict the allowance in the particular case of railway journeys to actual expenses. LEGISLATIVE DEPARTMENT.

Simla, the 4th October 1928.

No. F.-150/28 L.—In supersession of all previous orders on the subject, excepting those which relate to special concessions of a personal nature sanctioned to certain members individually, the Governor General in Council is pleased to prescribe the following rules to govern the grant of travelling and other allowances to members of the Indian Legislature. Except where otherwise expressed, the rules apply to members of the Council of State and of the Legislative Assembly alike.

1 A member of the Indian Legislature who is required to leave, in the case of an official member his official headquarters or, in the case of a non-official member his usual place of residence, for the purpose of attending a meeting of the Council or of the Assembly or of transacting other business connected with his duties as a member may draw :—

(*i*) Travelling allowance at the rate of one and three fifth fares (calculated in the case of steamers on the "bona of the "without diet" fare) of the highest class of accommodation provided by rail or steamer to and from the place at which the Council or the Assembly meets or the other business is transacted and road mileage at the rate of annas eight per mile for such part of the journey as cannot be made by rail or steamer, including the journey from and to the Railway Station or place of embarkation or disembarkation to and from the member's residence at the place where the Council or the Assembly meets or the other business is transacted and at his official headquarters or usual place of residence, as the case may be.

NOTE 1.—For the purpose of calculating travelling allowance, a journey between two stations is held to be performed by the shortest of two or more practicable routes, or by the cheapest of such routes as may be equally short

As a partial exception to this rule—

(a) a member who comes from the Madras Presidency for whom the route *via* Dhond-Manmad or, as the case may be, the route *via* Arkonam and Dhond-Manmad is the shortest is allowed to draw travelling allowance *via* Bombay or Calcutta or *via* Madras and Bombay or Calcutta, in lieu of travelling allowance *via* Dhond-Manmad or *via* Arkonam and Dhond-Manmad, provided that he actually travels via Bombay or Calcutta or *via* Madras and Bombay or Calcutta;

(b) a member who comes from the Province of Assam is entitled to travelling allowance *via* Calcutta instead of by the shortest route, provided that he actually travels *via* Calcutta.

NOTE 2.—If the usual place of residence of an elected member is outside the presidency or province in which his constituency is situate, he will be entitled to draw travelling allowance to and from the place for which the Council or the Assembly meets or the other business is transacted from and to the headquarters of his constituency or from and to his usual place of residence, whichever is less.

NOTE 3.—An official member who proceeds on leave at the end of a session from the place at which the Council or the Assembly meets may draw travelling allowance to his official headquarters or the place in India to which he actually proceeds, whichever is less; provided that the leave taken is leave on average pay not exceeding four months. Such a member returning at the commencement of a session from leave of this description direct to the place at which the Council or the Assembly meets may similarly draw travelling allowance from his headquarters or the place to India from which he actually returns, whichever is less.

NOTE 4.—A member who performs by road a journey or part of a journey which he might have performed by rail may draw travelling allowance for the journey or part as performed at the rate of 4 annas per mile, provided that the total amount drawn shall not exceed—

(a) the travelling allowance which would have been admissible to him for such journey or part if he had performed the same by rail, or

(b) if he performs the journey in his own motor car or carriage the aggregate of such travelling allowance and of the allowance admissible under note 4 to Rule 3 (*i*).

(*ii*) A daily allowance of Rs. 20 per diem, for each day of residence at the place where the Council or the Assembly meets or the other business is transacted until the close of the session or the completion of the other business, including residence not exceeding one week in the case of a member of the Council and three days in the case of a member of the Assembly before the commencement of the session and after its close, and in both cases not exceeding two days before the commencement of the other business and after its close.

NOTE.—The allowance is admissible for the day of arrival, if a member arrives in the forenoon, and for the day of departure, if a member departs in the afternoon.

2. (*i*) A member of the Council of State, other than an official member, may, for such part, if any, of a journey to and from the place of meeting or the place at which the other business is transacted as is made at the beginning or end of a session of the Council or at the commencement or termination of the other business in a first-class railway compartment or steamer cabin reserved *for his personal use*, draw, in lieu of one and three-fifth fares admissible under rule 1 (*i*), the actual cost of reserving the compartment or cabin, calculated in the case of a cabin on the basis of the "without diet" fare.

NOTE.—The concession referred to in this rule does not extend to any person, besides the member himself, who travels in the same compartment or cabin. In the case, therefore, of a member who has other persons travelling with him in the same compartment or cabin, he will be entitled to receive the actual cost of reserving the compartment or cabin charged by the railway or steamer company *less* the price of as many first class tickets as there are persons travelling with him in the compartment or cabin so reserved.

(*ii*) A non-official member of the Council of State who elects to reserve a railway compartment or steamer cabin may, in addition to the concession granted in this rule, draw a daily allowance at half the rate admissible during a session, for the days (including the day of departure if he departs in the forenoon and the day of arrival if he arrives in the afternoon) occupied in so travelling to and from the place at which the Council sits or the other business is transacted.

3. In addition to the allowances hereinbefore enumerated, a member of the Indian Legislature who is required to leave his official headquarters or usual place of residence, as the case may be, for the purpose of attending a session of the Council of State or of the Assembly at New Delhi may draw:—

(*i*) Free haulage by passenger train of either a motor car or a carriage and two horses, at owner's risk, from the station nearest to his official headquarters or usual place of residence, as the case may be, to New Delhi and back by the shortest route once during a session, provided that the amount claimed on account of the conveyance of a carriage and horses shall not exceed the cost of transporting a motor car.

NOTE 1.—A third class railway fare by passenger train for a chauffeur or a cleaner (but not for both) or for any one person employed in connection with the carriage and horses may also be drawn.

NOTE 2.—As a partial exception to the condition regarding the shortest route, a member coming from the Province of Assam is allowed to draw haulage of his motor car or carriage and horses *via* Naihati and Bandel, instead of by the shortest route, provided that he actually brings his car or carriage and horses *via* Naihati and Bandel.

NOTE 3.—Haulage does not include demurrage charges for special covered trucks, octroi or any other like charge.

NOTE 4.—Where a member elects to send his motor car or carriage and horses by road, instead of by rail, he will be entitled to receive the actual cost of so sending the car or carriage and horses, provided that the amount recovered shall not exceed two annas per mile.

(*ii*) In the case of a member who resides outside New Delhi and does not bring any conveyance for his use, a conveyance allowance at the rate of Rs. 6 per diem, for the period for which he is entitled to draw daily allowance.

(*iii*) In the case of a member who resides outside New Delhi and elects, for free haulage of a motor car or of a carriage and two horses, a petrol or forage allowance at the rate of Rs. 75 per mensem, for the period for which he is entitled to draw daily allowance.

(*iv*) In the case of a non-official member, who resides in New Delhi and does not draw free haulage of a motor car or a carriage and horses, a conveyance allowance at the rate of Rs. 50 per mensem, for the period for which he is entitled to draw daily allowance.

4. For intermediate absences lasting for less than fifteen days during the course of a session or before the completion of the business, a member will be entitled to draw either—

(*a*) a single first class fare and road mileage to the place to which he proceeds, and back, or

(*b*) daily allowance for the period of absence, whichever is less.

For absences of the duration of fifteen days or more, no allowance of any kind will be admissible.

5. When there is an interval of not more than a week between the termination of the meetings of a

session or a committee and the commencement of those of another committee or session at the same place, both of which a member is required to attend and when such a member remains at the place during the interval, he will be entitled to draw daily allowance at the rate mentioned in rule 1 (ii) for such period of residence.

If, however, such a member leaves the place during the interval, his absence will be treated as an intermediate absence.

8. An official member who is in receipt of a fixed monthly travelling allowance will not be entitled to any of the above allowances unless he leaves the limits of his jurisdiction to attend the Council or the Assembly or to transact business connected with his duties as a member, in which case he will be entitled to the same travelling and other allowances as other members, subject to the condition that such sum as may represent the amount of his fixed monthly allowance, calculated at a proportionate daily rate, shall be deducted from his travelling and other allowances.

7. A non official member who is a resident of the place at which the Council or the Assembly meets or other business connected with his duties as a member is transacted, is entitled to draw a daily allowance of Rs 20 per diem, for the days on which he actually attends such meetings or transacts such other business.

8. A member who claims any travelling or other allowance under these rules shall support his claim by a certificate to the effect that for the journey or period to which the claim relates he has drawn no allowance of the like kind from any other official source.

Acting Secretary to Government.

Fort St. George, October 5, 1928
(G.O. Press No. 2108, P.H.).

No 1588.—The rules prescribing the educational qualifications required for the appointment of Sanitary and Assistant Sanitary Inspectors under local bodies were published in G.O. No 1962, P.H., dated 1st December 1923. In G.O. No. 527, P.H., dated 9th March 1928, the Director of Public Health was requested to suggest the amendments which should be made to these rules consequent on the abolition of the Government Technical Examination in Animal Physiology and Hygiene. In submitting the amendments the Director of Public Health recommends that the courses of training prescribed for "Assistant Sanitary Inspectors" may be abolished altogether, as such appointments are very few under the present health scheme. Besides he considers that a knowledge in Elementary Sanitary Engineering is essential for the efficient discharge of the duties expected of a Sanitary Inspector. In the circumstances explained by the Director of Public Health the Government approve his proposal to abolish the post of Assistant Sanitary Inspectors.

2 Under the existing rules a pass in the Bombay Sanitary Surveyor's Test or Borrea Sanitary Inspector's Test is recognized as equivalent to the Sanitary Inspector's qualifications in this Presidency. The Director of Public Health points out that these tests would become inferior under the revised

syllabus and extension of course of training sanctioned in G.O. No. 527, P.H., dated 9th March 1928, and he recommends that this rule may be deleted. The Government approve the suggestion of the Director of Public Health.

3. The Director of Public Health also recommends the abolition of the rule providing for the special exemption of unqualified men recommended by presidents of local boards and chairmen of municipal councils for appointment as Sanitary Inspectors. The Director of Public Health points out that the power of granting exemption is rarely exercised by him and that the rule in question gives an opportunity to persons to seek unmerited employment under local bodies and that very often men who do not possess even the rudimentary principles of Hygiene are first appointed to such posts and his formal approval is obtained only when the temporary appointment is about to terminate. The Government have recently issued orders to the effect that if local bodies appoint unqualified men as Sanitary Inspectors their salary will be liable to surcharge. In the above circumstances the Government agree with the Director of Public Health that there is no necessity to retain this rule.

4. The Director of Public Heath also recommends that the Government Technical Examination in Minor Sanitary Engineering may be abolished and that it may be replaced by a similar examination conducted by the Board of Examiners under the chairmanship of the Director of Public Health as approved in paragraph 3 (*a*) of G.O. No. 527, P.H., dated 9th March 1928. The Sanitary Engineer agrees to this proposal and he suggests that the title "Minor Sanitary Engineering" may be changed into "Elementary Sanitary Engineering." The Government accept this suggestion.

5. The rules as revised are shown in the appended notification which will be published in the *Fort St. George Gazette*.

APPENDIX.

NOTIFICATION.

The following draft of certain rules prescribing the qualifications required of Sanitary Inspector under municipal councils / local boards which the Governor acting with Ministers proposes to make in exercise of the powers conferred by sub-section (1) of section 302 of the Madras District Municipalities Act, of section 199 of the Madras Local Boards Act, 1920 1920 (Madras Act V of 1920) and is supersession of (Madras Act XIV of 1920) the rules prescribed with notification No. 3, dated 1st January 1924, at page 2 of Part I-A of the *Fort St. George Gazette*, dated 1st January 1924, is hereby published as required by clause (*a*) of section 305/309 of the said Act for general information.

Notice is hereby given that the said draft will be taken into consideration *on or after the 20th day of December* 1928.

Any objection or suggestion which may be received from any person with respect to the said draft on or before the date aforesaid will be considered by the Governor acting with Ministers.

Draft Rules.

No person shall be appointed to the post of Sanitary Inspector under a municipal council / local board unless he possesses

(*a*) a Government Diploma signed by the Chairman of the Board of Examiners constituted in this behalf by the Government that he has passed the examinations prescribed by the Government in Hygiene, Physiology and Elementary Sanitary Engineering, after having undergone in the Madras Medical College, the courses of study and practical instructions in the above subjects as may be laid down by the Government in this behalf.

Provided that candidates who have successfully completed the course for Lower Subordinate Engineers, in the Engineering College, Madras, will not be required to undergo the course in Elementary Sanitary Engineering, although they shall be required to pass the examination; and

(*b*) a certificate from the Director of Public Health that he can both ride and cycle.

2. The above rule shall not apply

(*a*) to any certificated Sanitary Inspector who, on the 31st December 1905, held a permanent post as (i) Sanitary Inspector, or (ii) as Assistant Sanitary Inspector, or (iii) as Superintendent of a Vaccine Depot under any local body, or (iv) as Deputy Inspector of Vaccination in the Madras Vaccination Department, or (v) who can prove, by extracts from the register of certificated Sanitary Inspectors maintained in the office of the Director of Public Health, that he has, two years previous to that date, served any local body as certificated Sanitary Inspector on temporary or cholera duty, and that his conduct during that period has been satisfactory; and

(*b*) to any Sanitary Inspector who, having passed the Bombay Sanitary Surveyor's Test or Burma Sanitary Inspector's Test, holds on the date on which these rules are confirmed a substantive appointment under the Government or under any local body in this Presidency.

EUROPEAN SCHOOL-LEAVING CERTIFICATES—HIGH SCHOOL EXAMINATION, NOVEMBER 1928.

INSTRUCTIONS FOR THE GUIDANCE OF HEADS OF SCHOOLS IN REGARD TO THE SUBMISSION OF CERTIFICATES FOR COMPLETION.

Heads of schools are requested to read very carefully the instructions relating to the submission for completion of European School-Leaving Certificates due in this office by the 3rd January 1929, and to see that every item is attended to carefully.

2. Although the 3rd of January is the latest date fixed for the submission of certificates, it will be an advantage if the certificates can be sent as early as possible in December as this will facilitate the preliminary arrangements for tabulation. Heads of schools are accordingly requested to be good enough to send the certificates at as early a date as practicable. The certificates should not be sent in instalments: all the certificates of a school should be sent together.

3. The certificates should be sent, preferably by registered post, packed in stout longcloth or other suitable material; parcels in which *paper* is used for packing are frequently damaged in transit, and arrive in a mutilated state.

4. In cases where the certificate of a candidate for the High School examination is not to be sent, by reason of the pupil having absented himself from the Public Examination or having failed to fulfil the conditions regarding attendance, etc., a letter explaining the circumstances should be submitted, the certificate number and name of the pupil being mentioned therein.

5. Errors of omission and commission with regard to the entries in the certificates should be carefully avoided; the omission of a necessary entry or the existence of an incomplete or incorrect one, necessitates correspondence and the progress of tabulation work is retarded which causes delay in the issue of the completed certificates.

6. Heads of institutions are particularly requested to look at each page of the certificate and carefully scrutinize the entries with a view to supplying omissions or rectifying mistakes. Alterations, should invariably be attested with the Headmaster's initials.

7. In cases where pupils have been exempted by the Director of Public Instruction or the Inspector of European Schools, as the case may be, from the age rules or from showing school record, or have been granted condonation of break or excused shortage of attendance, the number and date of the orders of the Director of Public Instruction or the Inspector of European Schools should be quoted in the appropriate place, in the certificate, e.g., on page 2 of the certificates against date of birth in the case of age exemption, so that the completion of the certificate may not be objected to. It is requested that the orders may be sent as *original* for ready reference; they will be returned along with the certificate; citation of the number and date of the communication on the certificate should not be omitted although the communication itself is sent to the office in original.

8. Heads of schools are particularly requested to see that the standard-average is entered in all certificates sent for completion and that the entry made is correct in all cases. Certificates in which the entry relating the standard-average is omitted or incorrectly made will be returned.

9. It is requested that the report in the annexed form may be sent along with the certificates. A separate communication advising despatch of the certificates is not necessary.

ANNEXURE.

EUROPEAN SCHOOL-LEAVING CERTIFICATES—HIGH SCHOOL EXAMINATION, NOVEMBER 1928.

Report which should accompany the certificates sent for completion.

Name of the institution.

Number of pupils presented for the High School examination.

Number of certificates sent for completion.

NOTE.—If the certificate of a pupil entered for the High School examinations is not sent, the reason why should be stated.

Before sending the certificates for completion I have satisfied myself that—

(1) The entries relating to the Inspector of European Schools' signature, etc., on page 1 have been made in the case of each certificate.

(2) The date (i.e., day, month and year) of birth has been correctly entered on page 2 of each certificate.

NOTE.—The entry according to the Christian era should be added where the main entry has been according to any other era.

(3) Personal marks of identification have been obtained on page 3 of each certificate.

(4) The signature of the pupil has been obtained and the Headmaster has affixed his signature for each term of pages 5, 7, 11, 13 and 15, etc., where school marks have been entered in the certificate.

(5) The orders of Director of Public Instruction or of the Inspector of European Schools, as the case may be, granting age exemption shortage of attendance, condonation of breaks and exemption from school records have been quoted in the appropriate place in the certificate, and the original orders submitted.

(6) All corrections in each certificate have been attested, and that all the instructions contained in letter R.O.C. No. 285 of 1928, dated 16th October 1928, of the Inspector of European Schools have been carefully attended to.
